Ronnie and Joann Doss – Founding Missionaries to Honduras

September 24, 2025

Dear Friends in Christ,

We Praise the Lord for your continued support in the work of Central American Missions in Honduras. The Lord has kept the ministry going due to your prayers and faithful support. I Thessalonians 5:18

The Church on the property has had nine souls saved since our last letter. The other churches that reported had seventeen souls call on the name of the Lord. We are able to stay in touch with all the churches on a regular basis since our last trip in February. The teen meetings are taking place on the last Saturday of every month with different churches hosting the meeting. We are thankful for the growth in these meetings.

Since the last newsletter, we have had some individuals and churches that have donated to several of the constructions projects at the churches. In the next pages, you will see an update of the projects that have been started.

One of the biggest needs that all the pastors had was Bibles. We contacted Beams Bible Ministry in Gulf Port Mississippi. They are donating 1080 Bibles to be shipped on the next container. We are very thankful for their continuing support of this ministry

Thank you again for your continued support to Central American Missions!

In Christ,

Board of Directors, Central American Missions,

Pastor James Powell, Pastor Stephen Doss, Graham Hutson, Aaron Box, Seth Payton, James Powell
